### **NEW FRENCH LIGHT RAIL SYSTEMS in the 21<sup>st</sup> CENTURY**

SENUG Member Graham Jellett will give us an illustrated talk on light rail systems in France. Graham, who is also a member of the Light Rail Transit Association, has taken a particular interest in French light rail having travelled extensively in that country and visited their different systems. This promises to be a very interesting and informative evening, raising food for thought as to why the UK lags badly behind our European neighbours when it comes to light rail.
